Dear Mr. Wade

This letter is in regard of the "antidegradation statement" for our NPDES permit renewal. The city does not have any room for spray irrigation, and there is no other town close enough for us to pump to. As of right now, the most economical way for the city is to keep the outfall at its original location.

If you have any questions please give me a call at (931)676-3594

Sincerely,

Coty Smith

Plant Manager
